Shelter

WHAT CAN WE DO FOR YOU NOW
Path of Life offers an emergency shelter program to individuals and families in a housing crisis.

Our Community Shelter provides 90 beds to men and women, and our Family Shelter provides 46 beds to families with children. Shelter guests are provided with wraparound stabilization services including employment support and housing referrals that foster self-sufficiency and family restoration.

Located in the city of Riverside, Path of Life Ministries provides Emergency Shelter for adult individuals for up to 60 days. The community shelter hosts up to 90 guests and operates 24/hrs per day, 365 days per year. We offer case management in an attempt to help our guests return to permanent housing or to seek other temporary housing and recovery options.

HOUSING

Path of Life operates Housing programs that span Riverside County. Using funds awarded by the Riverside County Continuum of Care (CoC), we operate a Permanent Supportive Housing program which in total houses over 80 households. We have also partnered with Riverside City College District to operate a Rapid Rehousing program for their students.

WE BELIEVE

Everyone deserves an opportunity to build a whole and healthy life.

WE KNOW

Thousands of children, parents, veterans, elderly, disabled or otherwise sick and struggling people find themselves homeless each year in Riverside County

WE ARE COMMITTED

To walking people from chaos to calm by creating solutions and providing the emergency relief, helping hand, and guidance that people need to get safely back on their feet and build self sufficient and thriving lives.
